Virtual Coaching

What happens if.....

- You can't get out of the office for professional development.
- Financial and time constraints prevent you from sending your staff members out for professional development.
- You have issues that are stealing your focus and creating a culture of frustration.
- You are a one person shop and need access to resources that would strengthen your organization and keep you current.

Membership180 understands ALL these situations! We are tapped into the Chamber/Association industry and armed with tools and tips from the trade that will keep you current with the rest of your industry peers. You may have a fantastic board, but they don't get what you go through on a daily basis. Our coaching program can help you navigate through some of the tough or frustrating situations, define solutions, keep you accountable to those solutions and watch your organization get stronger as a result!!

In our virtual coaching module, we use the latest technology to come to you "face to face" once a week. This can be in your weekly staff meeting or one on one with whatever member of the staff needs specific work in a targeted area.

Virtual Coaching

Hourly Rate is \$150/hour. Discounts will apply for each package increase. ALL packages must be paid for in advance.
